Soon the state of Illinois will enter its third year without a budget. Every day the budget remains unpassed children, seniors, those in great need and many more citizens of our state are left in jeopardy of being without needed services, such as:

- Public Education
- Free and reduced school breakfast and lunches
- Long term nursing care
- Domestic violence victim services
- Mentally disabled group home services

Join the movement to bring accountability to our state government, to ensure the most vulnerable among us receive the dignity they deserve.

To take action, pick up and fill out cards to send to your representatives at a distribution center near you. A group of those most affected by the budget impasse will be delivering the cards to the state capital on June 27<sup>th</sup>.
